

You are invited to the Crossroads Interdisciplinary Health Research Conference

Panel Discussion and Q&A: The Ocean and Human Health

Paul O'Regan Hall, Halifax Central Library
Friday March 15th, 2019
2:15-3:15pm

Have you ever wondered how the health of the Ocean is related to human health? Curious about the importance of this connection? Join us for a panel discussion on this fascinating topic. Crossroads Conference panels are open to the public!

Moderator:

Dr. Wendy Watson-Wright

PhD, Chief Executive Officer of the Ocean Frontier Institute

Panel Members:

San Patten

MSc, Faculty Member, College of Sustainability at Dalhousie University

Dr. Megan Bailey

PhD, Assistant Professor and SSHRC Canada Research Chair in Integrated Ocean and Coastal Governance, Marine Affairs Program at Dalhousie University

Dr. Fabrice Berrue

PhD, Team Leader at National Research Council of Canada

Dr. Stefanie Colombo

PhD, Canada Research Chair in Aquaculture Nutrition and Assistant Professor at Dalhousie University

Please note: Conference panels are open to the public. However, if you would like to attend any other conference events, registration is required through our [eventbrite](#) page.
