

## Crossroads 2020 Presentation Schedule

Saturday March 14<sup>th</sup>, 2020  
Collaborative Health Education Building (CHEB), Dalhousie University

### ORAL PRESENTATIONS

<b>Oral Presentation Session 1 (9:00-10:15am)</b>				
<b>Room 1 (CHEB 264)</b> Adjudicators: Daniel Stevens and Janice Moreside Moderator: Edith				
264-1-1	Mayo	Andrea	Dalhousie University	What is the association between meeting components of the physical activity guidelines and frailty?
264-1-2	Halliwell	Carson	Dalhousie University	Postoperative Quality of Life Trajectories Vary in Patients with FAI and Increasing Hip Osteoarthritis Severity
264-1-3	Budarick	Aleks	Dalhousie University	An Evidence Map Linking Physical Activity with Clinical and Structural Outcomes using the Osteoarthritis Initiative
264-1-4	Trivedi	Purva	Dalhousie University	Measurement of lower extremity extension power using a clinically applicable leg press tool: The Concurrent Validity
264-1-5	Bugeya-Miller	Kayla	Dalhousie University	Kinetic differences between on-water and ergometer kayaking

**Room 2 (CHEB 266)**  
 Adjudicators: Nathan Taylor and Kim Hebert  
 Moderator: Lilian

266-1-1	Branje	Karina	Dalhousie University	Educator perceptions on an outdoor loose parts intervention on preschoolers' Fundamental Movement Skills
266-1-2	Joshi	Nila	Dalhousie University	PLEY-School: An upcoming school-based outdoor loose parts intervention project
266-1-3	Skinner	Kaileigh	Acadia University	Parents' Perceptions of the Role of Sport Participation in the Development of Their Child's Social Capital
266-1-4	Waddington	Kayla	Lakehead University	Developing a Tailored Community-Based Lifestyle Intervention for Underserved Children and Youth
266-1-5	Branje Joshi	Karina Nila	Dalhousie University	Summer of PLEY: An evaluation of two knowledge translation events

**Room 3 (CHEB 220)**  
 Adjudicators: Matt Numer and Holly Mathias  
 Moderator: Nora

220-1-1	Joy	Phillip	Dalhousie University	A Journey of Gender in Health
220-1-2	Pineau	Chloe	Mount Saint Vincent University	Dismantling stigma: a literature review exploring experiences of food insecurity, social exclusion and shame among women

220-1-3	Barry	Caitlin	University of New Brunswick Saint John	Negative social interactions affect the relationship between sexual orientation and mental health for Canadians
220-1-4	Cole	Laura	Dalhousie University	Econometric analysis of socioeconomic inequities in healthcare utilization in Canada: 2000 – 2014
220-1-5	Densmore	Ryan	Dalhousie University	Trends in socioeconomic inequalities in bladder cancer incidence in Canada: 1992-2010
<b>Room 4 (CHEB 221)</b> Adjudicators: Megan Aston and Emily Jago Moderator: Alicia				
221-1-1	Devereaux	Emily	Memorial University of Newfoundland	Analysis of Cases of Sudden Unexpected Death the Pediatric Population of Newfoundland and Labrador
221-1-2	Martin	Natasha	The University of Guelph	Transposable element expression in normal and stressed bovine embryo development
221-1-3	Hood	Kalli	Dalhousie University	Arsenic speciation and metallome profiles in the Atlantic PATH cohort study
221-1-4	Seiler	Caroline	McMaster University	Reduction in anxiety scores in IBD patients after Infliximab infusion is associated to changes in tryptophan metabolism
221-1-5	Long	Jessica	Mount Saint Vincent University	Mobilities and Infectious Disease: ‘Othering’ in Canadian Political Discourse of Ebola

<p align="center"><b>Room 5 (CHEB 268)</b>            Adjudicators: Michelle Stone and Elaine Moody            Moderator: Rachele</p>				
268-1-1	Gaspar	Carolyn	Dalhousie University	How are postgraduate medical educators using reflective writing to remediate professionalism?
268-1-2	Soucy	Krystal	Dalhousie University	The effectiveness of yoga in reducing stress and eating disorder symptoms among undergraduate students
268-1-3	Ibrahim	Yasmeen	Dalhousie University	Nature Walks and the Well-Being of Undergraduate Students
268-1-4	Seviour	Stephen	Dalhousie University	A Survey of the Self-Reported Mental Wellness of Graduate Students at Dalhousie University
268-1-5	Ausman	Christine	Dalhousie University	Exploring how smartphones impact leisure and socio-emotional health among post-secondary students

<p align="center"><b>Oral Presentation Session 2 (11:45am-1:00pm)</b></p>				
<p align="center"><b>Room 1 (CHEB 264)</b>            Adjudicators: Caitlyn Ayn and Jill McSweeney            Moderator: Stephen</p>				
264-2-1	Edwards	Jordan	Western University	Early Psychosis and Primary Care: The Perspective of the Family Physician

264-2-2	Shin	Danielle	Dalhousie	Evaluating Pediatric Emergency Discharge Communication Using a Standardized Coding Scheme and Video Recorded Data
264-2-3	Dhami	Gurneet	Mount Saint Vincent University	Looking Beyond the Plate: Exploring the Narratives of Racialized Dietitians in Canada
264-2-4	Sibbald	Kaitlin	Dalhousie University	Hidden in plain sight: Passing and covering tactics among health professionals with mental illness
264-2-5	Grant-Singh	Alicia	Dalhousie University	Understanding the experiences of providing opioid agonist treatment in primary care: Experiences of primary care provide
<b>Room 2 (CHEB 266)</b> Adjudicators: Beverly Lawson and Larry Baxter Moderator: Emma				
266-2-1	Murphy	Chris	Dalhousie University	A biomechanical analysis of single leg squat in those with femoroacetabular impingement
266-2-2	Esomchukwu	Obinna	Dalhousie University	Mucoadhesive Nasal Delivery of Levothyroxine Using Hydroxypropyl Methylcellulose
266-2-3	Gainer	Ryan	Dalhousie University	A formalized shared decision making process with individualized decision aids improves comprehension and decisional qual
266-2-5	Manett	Rachele	Dalhousie University	Prioritizing Pleasure: A Qualitative Exploratory Study on Disabled Sexuality and Rehabilitation

**Room 3 (CHEB 220)**

Adjudicators: Sherry Huybers and Stephanie Welton

Moderator: Clare

220-2-1	Vanderlee	Emma	Dalhousie University	Exploring the learning experiences of registered nurses who are actively with children with intellectual disabilities
220-2-2	Carrier	Leah	Dalhousie University	The Impact of Cultural Connectedness on Mental Wellness in Indigenous Children and Youth: A Proposal
220-2-3	Moore	Robyn	Dalhousie University	“Running a Race with Legs that Don’t Work”: Mental Illness and the Experience of Seeking Employment
220-2-4	Stone	Kathryn	Dalhousie University	Understanding Climate Change and Young Women’s Mental Health; Gendered Needs for Action and Adaptation

**Room 4 (CHEB 221)**

Adjudicators: Barb Hamilton-Hinch and Laurene Rehman

Moderator: Lilian

221-2-1	Brushett	Sara	Dalhousie University	A gender-based multi-method examination of age stereotypes
221-2-2	Nyanzi	Herbert	Makerere University	Mortality Rates among Older Persons in Rural Uganda: Implication to the health care system
221-2-3	Stillwell	Christie	Dalhousie University	Federal, provincial, and First Nations aging policies and healthy aging among older Mi’kmaq in the Atlantic region

221-2-4	Dol	Justine	Dalhousie University	Development of Essential Coaching for Every Mother: A Postnatal Educational Text Message Intervention for Mothers
221-2-5	Perez-Zepeda	Ulises	Dalhousie University	Frailty across Canadian provinces: results from the Canadian Longitudinal Study on Aging
<b>Room 5 (CHEB 268)</b> Adjudicators: Becky Spencer and Karen Gallant Moderator: Maeridith				
268-2-1	Armour	Catherine	Dalhousie University	Social Isolation of Canadian LGBT Baby Boomers: A Secondary Data Analysis of a National Online Housing Survey
268-2-2	Bhatnagar	Brittany	Dalhousie University	Understanding the experiences of newcomers: Can acting as a recreation navigator foster a sense of belonging?

268-2-4	Corkey	Kayla	Dalhousie University	Leisure Activity as a Wellness Resource for Adolescents Living with a Chronic Physical Illness
268-2-5	MacDonald	Lindsay	Dalhousie University	Exploring the effects of extreme weather events on women located in Nova Scotia

### Oral Presentation Session 3 (3:45-5:00pm)

#### Room 1 (CHEB 220)

Adjudicators: Maggie MacLellan and Catherine Mah  
 Moderator: Edith

264-3-1	Matthews	Micayla	McMaster University	Quality Assurance of Point-of-Care Testing in the Community: How does Canada Compare Internationally? A Scoping Review
264-3-2	Ghosh	Oishee	McMaster University	The role of remote-presence robotic technology in promoting equitable access to health care in rural Canada
264-3-3	Cameron	Emma	Dalhousie University	Understanding Access to Postnatal Healthcare for Syrian Refugee Women in Nova Scotia
264-3-4	Heggie	Clare	Dalhousie University	Accessing sexual violence services and supports: Exploring the perspectives of women living in rural places
264-3-5	Whittier	James	Dalhousie University	Examining the “Self” in Medical Self-Regulation: A Study of the College of Physicians and Surgeons of Nova Scotia
<b>Room 2 (CHEB 266)</b> Adjudicators: Anders Lenskjold and Parisa Ghanouni Moderator: Danielle				
266-3-1	Vanderlee	Emma	Dalhousie University	Patient oriented qualitative research: Including parents of children with neurodevelopmental disabilities
266-3-2	Guk	Julia	Dalhousie University	Using Multi-Agency Safeguarding Hubs (MASHs) to coordinate health and social service agencies to improve patient outcomes
266-3-3	Omorefe	Lilian	Dalhousie University	Readdressing Approaches to Eliminate Hepatitis C Virus Infection Through Targeted ‘HepC’ action

266-3-4	MacGregor	Andrea	Dalhousie University	Conflicts of interest in self-regulating health professions' complaint proceedings: a Nova Scotia case study
266-3-5	Sanni	Deborah	Dalhousie University	An examination of the sociocultural and psychosocial factors affecting the engagement of women of African descent in PA
<b>Room 3 (CHEB 220)</b> Adjudicators: Sara Kirk and Janet Curran Moderator: Lindsay				
220-3-1	Tomas	Giana	Dalhousie University	Spirituality as Leisure Experience and Opportunity for Identity Reconstruction among Immigrants
220-3-2	Doyle	Emily	Memorial University of Newfoundland	An Evolving Interdisciplinary Investigation of the School Food System in Newfoundland and Labrador
220-3-3	Purdy	Chelsey	Mount Saint Vincent University	Collaborating and Evaluating: A Scoping Review of Science Outreach Programs for Indigenous Youth on Turtle Island
220-3-4	Luongo	Gabriella	Dalhousie University	The retail food environment, store foods, and diet and health among Indigenous populations: A scoping review
220-3-5	Seth	Chaiti	Acadia University	Key Factors for Creating Healthy Institutional Food Environments
<b>Room 4 (CHEB 221)</b> Adjudicators: Crystal Watson and Jacqueline Gahagan Moderator: Rachele				

221-3-1	Kennedy	Laura	Dalhousie University	Food and beverage pricing policies and their impact on population health: A scoping review
221-3-2	Murphy	Kathleen	Dalhousie University	The Ethics of Artificial Intelligence for Good Health: A Scoping Review
221-3-3	Lawrence	Logan	Dalhousie University	Deciphering the Secret Sauce: The mixed-methods development of a tool to assess policy capacity
221-3-4	Carson Ollivier	Andie Rachel	Dalhousie University	Making Reflexivity Meaningful: Challenges and Practical Considerations for Health Researchers
221-3-5	White	Tara	Dalhousie University	Trends in Indigenous Health Research in Atlantic Canada: A Scoping Review
<b>Room 5 (CHEB 268)</b> Adjudicators: Becky Spencer and Karen Gallant Moderator: Caleigh				
268-3-1	Richardson	Hilary	Dalhousie University	Understanding How Young Adult Women with Multiple Sclerosis Conceptualize and Experience Body Image: A Scoping Review
268-3-2	Smith	Lauren	Dalhousie University	Therapeutic recreation opportunities offered to post-secondary students on post-secondary campuses: A scoping review
268-3-3	Traversa	Becca	Dalhousie University	Examining Shelter Life and Policies for Nova Scotia Homeless LGBTQ+ Youth
268-3-4	Whiteman	James	Dalhousie University	Identifying Key Determinants of Collaborative within Interdisciplinary Healthcare Teams in: Scoping Review
268-3-5	Owen	Phoebe	Dalhousie University	Strategies to Foster Racial and Cultural Diversity and Inclusion in Outdoor Recreation Organizations: A Scoping Review

## POSTER SESSIONS

\*\*All poster sessions will be happening in Rooms 264/266 (adjoining rooms)\*\*

Session 1 (11:00 - 11:45)				
P1-1	Cochrane	Sara	Dalhousie University	Perceptions regarding spending time in nature: Using a behaviour change framework to explore the disconnect with nature
P1-3	Davis	Caitlin	Dalhousie University	Body image in older breast cancer survivors: a systematic review
P1-5	Guy	Maeridith	Dalhousie University	The Lived Experience of Youth Mental Health Care on Cape Breton Island
P1-9	Macey	Brette	Acadia University	How, if at all, do 3D printed pureed foods affect food consumption in individuals with dysphagia?
P1-11	Murray	Naomi	Dalhousie University	The perceived relationship between outdoor loose parts play and children's social-emotional development
P1-13	Blinn	Nicole	Dalhousie University	Body Image and Gender Norms in Adolescent and Young Adult Women Cancer Survivors: A Scoping Review
P1-15	Asher	Kathryn	University of New Brunswick	How now brown cow? Dietitians' perceptions of changes to meat and dairy recommendations in the 2019 Canada's Food Guide
P1-17	Kogan	Daniel	Dalhousie University	Assessing the Validity of a Commercial Food Dataset in Nova Scotia

P1-19	Wright-Brown	Tanisha	Memorial University of Newfoundland	The influence of empowerment on resilience to maintain health and well being after a natural disaster
P1-21	Winsor	Lauren	Memorial University of Newfoundland	Canadians with Unmet Healthcare Needs: Who are They?
P1-23	Leckey	Jenn	Dalhousie University	Mental health benefits of youth sport exist in absence of coaching: A correlational study
P1-25	Whalley	Nicole	Dalhousie University	A Comparison of Three Different Ankle Taping Methods and their Impact on Balance
P1-27	Redden	Marco	Mount Saint Vincent University	Meaningful Engagement between Long-Term Care Residents with Dementia and Family Members: A Critical Ecological Analysis
P1-29	Curry	Matthew	Dalhousie University	Life under the dome; Controlling the environment and geometry in biofilms reveals new ways to investigate quorum sensing
P1-31	Ashley	Katie	Dalhousie University	It's More Than Getting Dressed: Exploring Clothing-Related Barriers Experienced by People with Intellectual Disabilities
P1-33	Devereaux	Breagh	Dalhousie University	Recapitulating Tumor Oxygen Gradients to Understand their Role in the Development of Diverse Tumor Cell Behaviours
P1-35	Levy	Yarden	McMaster University	Examining the Individual and Combined Effects of the Running and Neurofeedback Program
P1-37	Duivesteyn	Alysha	Lakehead University	Identifying Critical Incident Exposure and Psychological Health in Thunder Bay Paramedics
P1-39	Flynn	Megan	Dalhousie University	An evaluation of the use and quality of services of a student-led health centre through interdisciplinary collaboration

P1-41	Turner	Alison	University of New Brunswick	Weight Stigma and Health Inequalities in New Brunswick Marginalized Communities
P1-43	Martindale	Brent	Dalhousie University	The Experiences of Masculinity in Competitive Male Sport
P1-45	Li	Mei	Memorial University of Newfoundland	The Experiences and Challenges of Rural Family Caregivers of Cancer Patients in Newfoundland in Relocation for Treatment
P1-47	Firth	Marina	Dalhousie University	The Relationship of Self-Concept with Low-Impact Physical Activity Participation in Undergraduate Students
P1-49	McArthur	Jennifer	Saint Mary's University	The impact of age and gender on vaping frequency
P1-51	McMillan	Rachel	Dalhousie University	Does Nature Matter? A Study of the Perspectives of Youth Living with Mental Health Challenges
P1-53	Matchett	Brittany	Dalhousie University	Undergraduate Students' Attitudes, Opinions, Beliefs, and Practices of Verbal Sexual Consent
P1-55	Richardson	Hannah	IWK Health Centre	The Role of Problem Solving in Reducing Psychological Strain in Caregivers of Acquired Brain Injury (ABI) Survivors
P1-57	Huang	Andy	Dalhousie University	Fabrication and Characterization of a Synthetic Mucus Layer for Mammalian-Microbial Co-Culture Applications
P1-59	Syed	Safura	Mount Saint Vincent University	Resident Centered Care and Meal Satisfaction in Long Term Care
P1-61	Cullip	Mackenzie	McMaster University	Comparing Death Investigator Systems Internationally to Inform Organ Donation Best Practice

P1-63	Roy	Sophia	Nova Scotia Health Authority	Awareness of the Cost Drivers Responsible for Variation in Isolated Aortic Valve Replacement does not Impact Future Behaviour
P1-65	Trenaman	Shanna	Dalhousie University	H2-Receptor Antagonist Recall Affects Those with Dementia
P1-67	Connell	Emma	University of New Brunswick	An investigation into the relation between physical activity and mental health in people with a spinal cord injury

**Session 2 (3:00 - 3:45)**

P2-2	Conboy	Nora	Dalhousie University	Examining Accessibility of Services for Sexualized Violence: Understanding the Survivor's Experience
P2-4	Robb	Haileigh	St. Francis Xavier University	Deal or No Deal? Examining Weekly Grocery Store Promotions for People Living on Income Assistance in Nova Scotia
P2-6	Bond	Talia	Dalhousie University	The Effects of Early Adversity on Suicide Attempts in Patients with Bipolar Disorder
P2-8	Rahman	Md Arifur	Memorial University of Newfoundland	Environmental Contaminants in Newfoundland: a Population-based study to explore any association with relevant cancers.
P2-10	Cameron	Emma	Dalhousie University	Understanding Access to Postnatal Healthcare for Syrian Refugee Women in Nova Scotia
P2-12	Naroditsky	Liora	Dalhousie University	A phenomenological study of grade 9 female students' experiences with and thoughts about sexual health
P2-14	Barry	Jacob	Queen's University	Trans Healthcare: An Ethnographic Evaluation

P2-16	Paul	Jocelyn	Dalhousie University	Psychological Distress Among First Nations Living On-Reserve in Canada: Links With Social Stressors and Cultural Factors
P2-18	Pizzo	Alex	Dalhousie University	Sex-Specific Patterns of Transmission of Internalizing, Externalizing and Psychotic Disorders from Parents to Offspring
P2-20	Davenport	Eva	Memorial University of Newfoundland	From symptom recognition to diagnosis: NL parents' stories of obtaining an ASD diagnosis in high-functioning girls
P2-22	McKenzie	Jennifer	Mount Saint Vincent University	Assessing Therapeutic Recreation Attendance and Potentially Inappropriate Antipsychotic Use in Long-Term Care
P2-24	MacPhee	Jenna	St. Francis Xavier University	"One Patient, One Record": Canada's Need to Move Towards Integrated Electronic Medical Records
P2-26	Buckle	Hannah	Memorial University of Newfoundland	Exploring Factors Related to Infant Feeding in Women Intending to Exclusively Breastfeed in Newfoundland and Labrador, Canada
P2-30	Mehta	Vikita	McMaster University	Depict Health Thalassemia: A Database to Improve Management of Thalassemia in Sri Lanka
P2-32	O'Neil	Kelly	St. Francis Xavier University	Arts-informed approaches to LTC staff dementia care literacy
P2-34	MacLean	Leah	Dalhousie University	Body image and sexual function of breast cancer survivors in Nova Scotia
P2-36	Wilson	Alexa	Dalhousie University	Identification of peroxisome-dependent signalling pathways linked to increased tumorigenesis in Drosophila

P2-38	Uba	Edith	Dalhousie University	Knowledge and Action Needed: To Protect the Low Socio-Economic Status Population From Microplastics “Ticking Time Bomb”
P2-40	Blackman	Chloe	Dalhousie University	Examining the Association Between a History of Prostate Cancer Diagnosis and Mental Health Among Men in Atlantic Canada
P2-42	Lawlor	Natasha	St. Francis Xavier University	Tea and Talk Time: Exploring the Experience of Participants in a Pilot Intergenerational Social Dining Program
P2-44	Chan	Kathleen	Mount Saint Vincent University	Salt as a fortification vehicle for thiamine in Cambodia: household salt disappearance and salt use practice assessments
P2-46	MacDougall	Jane	Saint Francis Xavier University	Seniors’ Views on the New Canadian Food Guide Proposal Abstract
P2-48	Reurink	Alexandra	University of New Brunswick	Study Drug Usage on the University of New Brunswick Campuses
P2-52	Bell	Mackenzie	St. Francis Xavier University	Dementia Arts Program Evaluation: A Student Research & Immersion Experience
P2-54	Steger	Amanda	Dalhousie University	The legalization of cannabis in Canada: did it hit a ‘high’ note or did it go up in smoke?
P2-56	Crowther	Daniel	Dalhousie University	A nonverbal coding scheme for healthcare provider-caregiver discharge communication in paediatric emergency care
P2-58	Roy	Sophia	Nova Scotia Health Authority	Examining the association between domains of frailty and 6-month changes in the health related quality of life

P2-60	Gainer	Ryan	Dalhousie University	Thematic analysis of patient experience of discharge related information at 30-day post-operative using ACS-NSQIP data
P2-62	Abdul Majid	Yasmin	Mount Saint Vincent University	Promoting children's equitable access to well-being through enhancing personal privilege awareness in ECEs
P2-64	Soomro	Asfia	McMaster University	A New Therapeutic Target for CKD: Activins Facilitate TGF- $\beta$ 1 Profibrotic Signaling in Kidney Mesangial Cells
P2-66	Trink	Jackie	McMaster University	Activated alpha 2-macroglobulin mediates high glucose-induced profibrotic responses in mesangial cells; a model for DN
P2-68	Pridy	Colin	Dalhousie University	Validation of a Novel Musical Mood Induction Procedure
P2-70	Akpan	Fola	Dalhousie University	The Effect of 2D Displays and 3D Immersive Displays on Kinematics During Active Gaming
